DESCRIPTION

THE ONORA THERMOELASTIC MATTRESS PROVIDES THE PERFECT BALANCE BETWEEN FIRMNESS AND COMFORT. THIS HIGH AND STABLE MATTRESS HAS ONE-SIDED INCREASED HARDNESS. THE CORE OF THE MATTRESS CONSISTS OF PERFECTLY COMPLEMENTARY FOAMS: HIGHLY ELASTIC AND THERMOELASTIC. THIS COMBINATION ENSURES HIGH SLEEP COMFORT AND STABLE AND SOLID SUPPORT FOR THE SPINE. HIGHLY RESILIENT FOAM IS CHARACTERIZED BY HIGH ELASTICITY AND FLEXIBILITY, PROVIDES EXCELLENT SUPPORT FOR THE BODY ALONG ITS ENTIRE LENGTH, REGARDLESS OF THE SLEEPING POSITION. WHEN YOU NEED STRONGER SUPPORT, THE HIGHLY ELASTIC LAYER WILL BE THE RIGHT LAYER OR A BASE FOR THERMOELASTIC FOAM. THE THERMOELASTIC FOAM REACTS TO BODY HEAT, WHICH INCREASES ITS FLEXIBILITY. ITS SURFACE, UNDER THE INFLUENCE OF PRESSURE AND HEAT, TAKES A SHAPE THAT CONFORMS TO THE SHAPE

OF THE BODY, AND AFTER UNLOADING IT FREELY RETURNS TO ITS SHAPE. DUE TO THE FACT THAT IT PERFECTLY SUPPORTS THE BODY AND DOES NOT PRESS IT IN ANY WAY, IT DOES NOT BLOCK BLOOD FLOW. THUS, IT GUARANTEES BETTER BLOOD SUPPLY TO THE BODY CELLS. WE RECOMMEND THIS MATTRESS LAYER TO PEOPLE SUFFERING FROM BACK AND SPINE PAIN, ESPECIALLY THOSE IN THE LUMBAR REGION. THE THERMOELASTIC FOAM IS ALSO EXTREMELY RESISTANT TO BACTERIA, MOLD, MITES AND OTHER PATHOGENIC MICROORGANISMS. IT IS AN EXCELLENT OPTION FOR PEOPLE SUFFERING FROM ALLERGIES.
