MONTAGE: PRODUCT ASSEMBLED

DELIVERY: IN PACKAGES

PRODUCTS AVAILABLE IN THE FOLLOWING VARIANTS:

ROZMIAR: 60X120, 70X140, 80X160

DESCRIPTION

THE FELIX LATEX MATTRESS IS A HIGH AND VERY SPRINGY MATTRESS FOR CHILDREN. PERFECT FOR BOTH NEWBORNS AND OLDER CHILDREN. THANKS TO THE HIGH FLEXIBILITY AND STABILITY OF THE INSERT, THE CHILD'S BODY IS PROPERLY ARRANGED. THE SURFACE OF THE MATTRESS DOES NOT BLOCK THE CHILD'S MOVEMENTS WHILE TURNING OVER, DOES NOT LIMIT IT AND IS AN EXCELLENT BASIS FOR ITS PROPER DEVELOPMENT. THE CORE OF THE FELIX MATTRESS IS HIGH AND COMFORTABLE ENERGY FOAM WITH A PERFORATED SURFACE. THIS ENSURES STABILITY AND SUPPORTS THE CORRECT POSITIONING OF YOUR CHILD'S BODY, REDUCING THE COLLAPSE EFFECT. THE ENERGY FOAM IS THE PERFECT BASE FOR THE INNOVATIVE OCEAN BLUE LATEX. THIS LATEX IS EXTREMELY RESILIENT, FLEXIBLE AND DURABLE. IT HAS THERMOREGULATORY PROPERTIES. GEL CAPSULES EMBEDDED IN A LAYER OF LATEX, ABSORB THE HEAT EMITTED BY THE CHILD'S BODY, REDUCING THE AMOUNT OF MOISTURE PENETRATING DEEP INTO THE MATTRESS. THIS SOLUTION IS PERFECT WHEN THE CHILD IS SICK AND HAS A FEVER. THE OCEAN BLUE LATEX LAYER CAPTURES THE EXCESS HEAT AND RELEASES IT SO THAT THE BABY DOES NOT OVERHEAT. THE FELIX MATTRESS HELPS TO MAINTAIN THE CORRECT TEMPERATURE WHILE YOUR CHILD SLEEPS. THANKS TO THE STRUCTURE OF LATEX, FREE AIR FLOW IS POSSIBLE, WHICH ALLOWS TO MAINTAIN HIGH DURABILITY AND HYGIENE OF THE INSERT. THE LATEX LAYER IS PLEASANT TO THE TOUCH AND EXTREMELY DELICATE FOR THE BABY'S SKIN. IT IS A DURABLE, HIGHLY ANTI-ALLERGIC MATERIAL. ITS SURFACE DOES NOT ABSORB DUST AND PROVIDES EFFECTIVE PROTECTION AGAINST THE MULTIPLICATION OF HARMFUL MICROORGANISMS.
